F.No.IV(33)/11/2016-Sys.Pl.1 / 33
Dated: 15.11.2018

Dear *Archana*,

As you are aware, a year has passed since the rollout of GST and many more new functionalities /features have been added in the CBIC GST Back End Application. Accordingly, the officers need to be familiarized with these new functionalities/features for which a two days refresher training for CBIC GST Back End Application is proposed to be conducted at 12 NACIN locations during November-December, 2018 (as per enclosed calendar) based on dates confirmed with the ZTIs. This is based on the fact that currently ~13000 CGST officers are mapped in the application.

2. As may be seen, five NACIN ZTIs, at Vishakhapatnam, Ranchi, Bhopal, Chandigarh and Raipur have been excluded as there is still no lab equipped with necessary infrastructure like AIO computers, CBIC local area network, projectors, display port adapters, etc. for conducting the application training. You are requested to advise the officer concerned to have the training infrastructure expedited. This Directorate would provide all the necessary assistance in this regard.

3. It is requested that suitable instruction may be given to the identified ZTI/RTIs to facilitate the training. Further, honorarium may be given to officers of DG Systems or field, who are designated as 'Master Trainers' whenever they impart training at NACIN. The list of Master Trainers is enclosed

With *regards*,

Yours sincerely,

(Sandeep M. Bhatnagar)

Encl: As above.

To:
Smt. Archana P. Tiwari
Director General (NACIN),
Faridabad.
